• ABOUT US

Leading the way with quality and expertise.

**Provide a Quality and Efficient Manufacturing/Blending Facility;
Which is Managed with Quality and Efficiency as its Top Priorities,
and to Achieve and Maintain ISO 9001 Certified Operating
Standards.**

**Our Goal is to provide our Customers with Quality and Cost
Effective Solutions to many of the Complications experienced by
the South African Industrial Chemical Formulator/Manufacturer.**

**MORE THAN 15 YEARS EXPERIENCE.
YOU ARE IN GOOD HANDS WITH
ECWAMIX!**

OUR SERVICES

Manufacturing, Developing, Blending and Processing.

SPECIALITY RAW MATERIALS

Ecwamix has over the years perfected a range of surfactant blends which are unparalleled in design and effect. Our concentrate range (Ecwaconc) reduces all the complex challenges of using multiple raw materials. Available only at Ecwamix we provide a full range of products where all the raw materials are stabilised in a single drum and ready for dilution.

Our concentrated blends boast a high dilution ratio, excellent viscosity and can be produced with or without fragrance and dye. The process is user-friendly and produces high quality finished goods.

“Depending upon the existing manufacturing facilities we offer guidance towards a full plant set up, or we assemble customer start-up packages to Suit Purchaser’s Financial ability and customer needs.”

OUR SERVICES

Manufacturing, Developing, Blending and Processing.

CONTRACT MANUFACTURING AND DEVELOPMENT

Our goal is to provide our customers with quality and cost effective solutions to many of the complications experienced by the South African industrial chemical formulation and manufacturing processes. Throughout the development process, all of our products were benchmarked against their imported equivalents and we are confident that in all instances we have either met or exceeded these standards.

REDUCING COMPLEXITY

Ecwamix provides a specialised and unique manufacturing and blending facility. Managed efficiently with quality as its top priority, and to maintain our ongoing ISO 9001 certified operating standards. We complete the full process from formulation guidance, through to sourcing of unique raw materials. With a personalised approach we partner to maintain affordability with dedicated quality.

EXPORTS

Ecwamix is an independent, globally active company that formulates, manufactures, and sells a broad range of chemical products worldwide. Engaging in intensive scientific research we are a leader in cross-border assistance.

Ecwamix export solutions are a division that is passionate about providing sustainable solutions to cross border countries.

OUR PRODUCTS

What We Can Offer

Today we pride ourselves in being one of only a handful of companies in South Africa with the Technical and Manufacturing/Blending capabilities to advise, produce and provide the following products:

**Concentrated
Surfactant Blends**

**Anti-foam
Defoamers**

**Eco Friendly
Surfactants**

**Floor
Coatings**

**Silicone
Emulsions**

**Wax
Emulsions**

**Preservative
Biocides**

**Emulsifier
Systems**
